

## *The Initiative*

*The "Tenture des Indes" prints came into fruition on an initiative by the Department of Information. This is the first time ever that the Department embarked on such a project to highlight one of Malta's priceless works of art. It is the intention that this will not be the first and last.*

*The tapestries came into being after delving into the Department's archives and the work done by DOI photographer Martin Attard.*

*The team involved in this production was made up of Publius Agius, Paul Azzopardi, Mark Sciberras and George Galea.*

*The Department is grateful for the advice and help given by Mr Ron Mifsud of Impressions Limited who were also responsible for the digital printing of this set.*

*December 2008*
