"* Il-kwozjent li jinkiseb meta l-piż molekulari ta' CO₂ (44,010 g/mol) jiġi diviż mill-piż molekulari tal-karbonju (12,011 g/mol) huwa ekwivalenti għal 3,664."

L.N. 50 of 2012

**MALTA RESOURCES AUTHORITY ACT
(CAP. 423)**

**Biofuels (Sustainability Criteria) (Amendment)
Regulations, 2012**

IN exercise of the powers conferred by articles 28(1) and 32 of the Malta Resources Authority Act, the Minister for Resources and Rural Affairs, after consultation with the Malta Resources Authority, has made the following regulations:-

1. The title of these regulations is the Biofuels (Sustainability Criteria) (Amendment) Regulations, 2012, and these regulations shall be read and construed as one with the Biofuels (Sustainability Criteria) Regulations, hereinafter referred to as "the principal regulations".

Citation.

S.L. 423.47

2. For paragraph (a) of sub-regulation (2) of regulation 4 of the principal regulations there shall be substituted the following:

Amends
regulation 4 of
the principal
regulations.

"(a) Economic operators shall submit to the Authority reliable information and shall also make available, on request, the data that was used to develop the information. Economic operators shall also arrange for an adequate standard of independent auditing of the information submitted, and to provide evidence to the Authority that this has been done. The auditing shall verify that the system used by the economic operators is accurate, reliable and protected against fraud. The auditing shall evaluate the frequency and methodology of sampling and the robustness of the data.

Economic operators who are producers of biofuels or bioliquids shall ensure that such auditing and verification is to be compiled:

(i) by holders of a practising certificate to practise in the field of auditing in terms of the Accountancy Profession Act according to limited assurance engagements prescribed in ISAE 3000 or an equivalent standard as proved to the satisfaction of the Authority by an economic operator; or

Cap. 281.

(ii) under voluntary schemes approved by the European Commission.

Economic operators importing biofuels or bioliquids shall ensure that such auditing and verification is to be compiled:

Cap. 281.

(i) by holders of a practising certificate to practise in the field of auditing in terms of the Accountancy Profession Act according to limited assurance engagements provided for in ISAE 3000 or an equivalent standard to the satisfaction of the Authority; or

(ii) under voluntary schemes approved by the European Commission; or

(iii) under national schemes approved by Member States of the European Union which comply with the sustainability criteria contained in Directive 2009/28/EC; or

(iv) under agreements with third countries made by the European Commission containing requirements on sustainability criteria equivalent to those contained in Directive 2009/28/EC."

Amends the Schedule to the principal regulations.

3. In item 7 of Part C of the Schedule to the principal regulations, immediately after the words " $e_1 = (CS_R - CS_A) \times 3,664 \times \frac{1}{20} \times \frac{1}{p} - e_B$ " there shall be inserted the following footnote:

"* The quotient obtained by dividing the molecular weight of CO₂ (44,010 g/mol) by the molecular weight of carbon (12,011 g/mol) is equal to 3,664."
